America is practically the only country in which the Catholics use such music, and the destrability of having an official and uniform hymnal for use throughout the United States has been considered for some time past. The writing of the words of the hymns will be in charge of Mgr. ### NIXON SHOULD MAKE GREAT PARTY LEADER.

Senator Jones Sees Nothing but Hope for Democracy in New Tammany Chieftain.

HAS A GREAT OPPORTUNITY.

On the Success of His Leadership in New York Will Depend, in Large Measure, Future Success of National Party.

REPUBLIC SPECIAL.

Washington, Jan. 12-Richard Croker's resignation from the leadership of Tammany Hall and the ascendency of Lewis Nixon to the throne have attracted widespread attention among Democratic leaders n Washington. The event, it is said, makes Mr. Nixon a figure in national politics, and his policy and management will be most carefully observed.

Discussing the change in leadership on the national party. Senator James K. Jones. chairman of the Democratic National Committee, said to-day:

"Of course the effect of Mr. Nixon's leadership on the national party depends almost entirely on the outcome in New York. If it is favorable there it will be favorable on the country at large, for New York will be the pivotal State, the great fighting ground in national campa gus for years to come. "I know something of Mr. Nixon's character and methods and am most favorably impressed with his abilities as a leader. Of course little is known of his policies. Those emain to be developed. But I have strong tone that they will be wise and work to the

benefit of the whole party. New Lender's Great Opportunity. "Mr. Nixon has an opportunity-a great opportunity. Calm and a good judgment on his part will do much for the Democ racy in New York and whatever is done there will work to the p-vantage of the national party. He is young, strong, en-ergetic, honest. He will be likely to bring out the best there is in the party, and I hope for good results. The appearance of such a character in national politics is a good omen. Yes, I see nothing but hope in Lewis Nixon as a party leader in New York, and therefore hope for the party in the nation.

In speaking of the development of the Democratic policies and their effect on the next national campaign, Senator Jones

"The polley of the Democratic party in the future depends entirely on develop-ments in Congress. The attitude of the party cannot well be defined until the questions arise one after another. Of course, in a general way, our position on the ques-tion of the Philippines is well known. That has not changed and will not change. Whenever colonial legislation comes up for discussion it will be found that, as a party, the Democracy has not shifted its position. It stands for treatment of the Philippines just as we told the world we intended to treat Cuba.

"Of course, there is little politics in the canal question, but so far as a party policy is concerned. I think it will be found that all Democrats are in favor of treating this proposition in a thoroughly business

Nixon Favors Ship Subsidies. "As to the chances of the Democracy in

the next campaign, much depends on the record of the President and his party fu Congress. That is yet to be made.

There is considerable speculation here as to what effect, if any, Mr. Nixon's election will have on the votes of the New York Democrats in the House on the ship-sub-sidy bill. On general principles, the Democratic party is opposed to all subsidies, but Mr. Nixon is in favor of building up the

#### CATARRH OF THE STOMACH

Cured by Eupepsia Tablets.

Catarrh of the stomach is like catarrh of the nose. In the latter case you can't breathe freely through your nostrils, and in the former case your stomach is stopped up. The food you eat is not digested and lays there like so much dead weight. This brings on headuches, heartburn, vomiting, sleeplessness, tiredness, etc. It is a fact that one of the most common causes of decay of the teeth is stomach trouble. Of course, we are glad that Mr. Payton is cured and that we, through Eupepsia Tablets, have the honor of curing him, but what was the sense of delaying all these years? Why not get the right remedy at the right moment—when the trouble begins? Still, get it any time; even later is better than never, but Mr. Payton's lesson teaches us that suffering from stomach trouble of any kind is wholly unnecessary when Eupepsia Tablets can be had for 50 cents a box, with a cure guaranteed or money refunded. Here is the appreciative letter of Mr. Payton's and mark well every word of it:

"I have been troubled for years with Indigestion and catarth of the stomach; have tried every knewt remedy, but found nothing to equal Eupeusia Tablets. I can now rat meet or any kind of strong diet without feeling any bud effect."—JOHN C. PAYTON, Queen City, Me.

Heeplessness, sallow complexion and all other accompanying allments. Eupepsia Tablets help the stomach to do its work. It is the only remedy sold under a guarantee to cure or money refunded, 50 cents a box (enough for two weeks), at all druggists or from the proprietors.
